Douglas:

Let me look for your suggested edit email. I missed it.

Let me also work on the link.

Darcy can find the PDF files here:

1. I:\ManagedShar3\GroundWater-UIC\Sierra-Lopez\Tribal Consultation Final Letters
- or
2. Click Sharepoint here  [Dewey Conclusion Letter for Tribes](#)

Oh...let me know when you have a non-live URL address taking the reader straight to this page. We will include it in the language Darcy will use in her emails to the 38 tribal leaders.

Were you able to make my suggested edits to those three tribal letters? If so, what would be the easiest way for Darcy to access these?

Yes – sorry. I thought it was addressed to ACHP for some reason.

Thanks Valois: I don't think it's necessary we post #8 or #9 on our website as long as these are captured in our online docket.

For #7, did you mean Letter to NRC....?

I cannot think of any other primary documents we need to post today.

As soon as the RTC is final as a pdf we will provide a copy to Darcy along with the letters she will be emailing to all 38 tribal leaders. My understanding is that these emails would go out after we go live and include a link to our website (or did we decide differently?).

Douglas

Subject: Minimum set of documents for the Dewey-Burdock website today
Importance: High

Hello All,
I just wanted to check in on the what Dewey-Burdock documents we need to have on the website today to go live.
Here are my thoughts:

1. RTC
2. Class III Permit
3. Class V Permit
4. AE ROD
5. EJA
6. CEA
7. Letter to ACPH and EPA signature page to the PA
8. Emails documenting EPA's signature page was sent to everyone.
9. Letters and emails to tribes wrapping up tribal consultation.

I'm not sure #9 is really needed. We have an impasse there because we can't email the link to the RTC until the website goes live. So can we wait on #9? (Paul is out till Nov 30)

Is there anything I missed?

Thanks!

Valois
